

# Welcome to ADISSA!

Abu Dhabi School Sports Association is led by volunteers from the international schools in Abu Dhabi. Together, with the support of ADEK, we provide many teachable moments that are not available in the regular classroom, and we look forward to making an impact on the young people in our schools in these vital activities.

Trends show the number of students involved in youth sports declines as they get older and move through the school. By ensuring our competitions are safe, nurturing and played within the ADISSA spirit we attempt challenge this notion.

Competitions between our member schools has been increasing over the past 12 years, we now serve over 4500 students from over 20 private international schools. In addition to schools sports, we also offer PE and sports CPD. We like to continue to expand and bring more schools on board.

Interested in joining? Please complete the registration from below and send it to: **admin@adissa.ae**
